JVCKENWOOD Exhibit at IFA Berlin 2019

Showcasing new products under the JVC and KENWOOD brands ranging from car electronics to home theater projector products

JVCKENWOOD Corporation (JVCKENWOOD) will exhibit products under the JVC and KENWOOD brands at IFA Berlin 2019, the largest global consumer electronics exhibition, to be held at the Messe Berlin Exhibition Grounds in Berlin, Germany, from September 6 (Friday) through September 11 (Wednesday).

Our booth this year will showcase a diverse lineup of car electronics products that continue to have large shares of the European market, as well as new lines of portable home audio systems and wireless headphones that are ideal for a wide range of listening situations. Our booth will also feature a demonstration of 8K high-definition video images using a home theater projector and realistic video images using a dome theater.

■The KENWOOD brand

Lineup of high-spec car electronics products that make driving a car and being a passenger more entertaining, safe, and comfortable

We will display the DMX8019DABS, which won the prestigious European Image and Sound Association (EISA) Award, and a lineup of multimedia AV receiver/AV navigation system products, which support wireless connection to Apple CarPlay and Digital Audio Broadcast (DAB) radio services. We will also exhibit a lineup of newly developed dashcams, which help make drivers safe and secure, to meet rapidly growing market needs.

DMX8019DABS

1. Multimedia AV receiver/AV navigation system supports wireless connection to Apple CarPlay

- DMX8019DABS high-end multimedia AV receiver with HD panel (EISA Award-winning model)
- DNX9190DABS AV navigation system

2. Enhanced lineup of multimedia AV receiver/AV navigation systems supports DAB radio services

- DMX5019DAB and DMX125DAB multimedia AV receivers
- DNR4190DABS, DNX5190DABS, and DNX7190DABS AV navigation systems

3. New lineup of dashcams helps make drivers safe and secure

- DRV-A100 HD (1280 x 720) recording dashcam
- DRV-A201 Full HD (1920 x 1080) recording dashcam
- DRV-A301W Full HD (1920 x 1080) recording dashcam that supports wireless LAN
- DRV-A501W WQHD (2560 x 1440) recording and rear-view recording dashcam that supports wireless LAN

DRV-A501W

New multi-source home audio system products

We will showcase new micro-audio system products, which support a wide range of audio sources, and come with CD player, USB terminal, DAB+ Tuner for digital radio reception, and Bluetooth® capability, as well as new DAB+ kitchen/family radio system products for users to enjoy listening to music freely and casually in a kitchen or other family room.

- M819DAB, M820DAB-W, M720DAB, and M918DAB-H micro-home audio systems
- CR-ST50DAB-B/-W/-H and CR-M10DAB-B/-W/-H DAB+ kitchen/family stereo and monaural radio systems (available in three colors)

M-918DAB-H

CR-ST50DAB-B

■The JVC brand

Lineup of Bluetooth®-enabled headphones/wearable speakers delivers listening pleasure in various situations

We will exhibit our product lineup of Bluetooth®-enabled headphones, including an enhanced lineup of fully wireless headphones, neckband wearable wireless speakers, and a retro-inspired two-tone design model for fashion-conscious people, all targeting the growing wireless headphones market.

- [New] HA-A10T, HA-XC70BT, HA-ET90BT fully wireless headphones
- [New] SP-A7WT wearable wireless neckband speaker
- HA-F19BT retro two-tone color wireless headphone
- HA-S90BN and HA-S65BN noise cancelling wireless headphones

HA-A10T

Portable multi-source audio system designed to deliver an ultra-powerful sound with a deep bass for outdoor events and parties

We will display a new Boom Blaster portable audio system, which supports multiple audio sources and is ideal for playing music at outdoor events and parties. This audio system product supports various audio sources, such as CD/USB/AUX/Karaoke Microphone/electric guitar/headphone, and is equipped with a Bluetooth® function and DAB+ Tuner for digital radio reception, all designed to deliver an ultra-powerful sound with a deep bass.

RV-NB300DAB

- RV-NB300DAB and RV-NB200BT Boom Blaster portable multi-source audio systems

Lineup of consumer video cameras allows video recording in tough environments, including outdoors

We will exhibit our lineup of commercial video camera products, including a 4K memory camcorder equipped with four protective “QUAD PROOF” functions—water, dust, shock, and low-temperature resistance—and deliver a 4K recording capability, as well as video cameras that can allow recording in tough environments, including outdoors.

- GZ-RY980 Everio R-series 4K memory camcorder
- GZ-RX625 and GZ-R445 Full HD memory camcorders that are equipped with four protective functions

GZ-RY980

Home theater projector products featuring our original D-ILA device

We will display home theater projector products equipped with our original D-ILA device. In the theater room inside our booth, visitors will be able to experience 8K high-definition video images. The theater room will also have a dome screen for visitors to experience video images with more realistic effects.

- DLA-NX9, DLA-N7, and DLA-N5 D-ILA home theater projectors

DLA-NX9
