President & CEO

This document has been translated from the Japanese original for reference purposes only. In the event of discrepancy between this translated document and the Japanese original, the original shall prevail. The company assumes no responsibility for this translation or for direct, indirect or any other forms of damages arising from the translation.

JVCKENWOOD Corporation is a Japanese company. The offer is subject to Japanese disclosure requirements that are different from those of the United States. The financial statements included herein have been prepared in accordance with Japanese accounting standards and thus they may not be comparable to the financial statements of United States companies.

It may be difficult for you to enforce your rights and any claim you may have arising under the U.S. federal securities laws, since the Company is located in Japan, and some or all of its officers or directors are residents of Japan. You may not be able to sue the Company or its officers or directors in a Japanese court for violations of the U.S. securities laws. Finally, it may be difficult to compel the Company and its affiliates to subject themselves to a U.S. court's judgment.

Procedures and Treatment in Exercising the Voting Rights

The following are methods of exercising your voting rights.

Please exercise your voting rights after referring to the reference documents for the general meeting of shareholders from page 5 to page 27.

In the case of attending the general meeting of shareholders

If you plan to attend the meeting, please submit the enclosed Voting Rights Exercise Form at the reception of the meeting. In addition, you are kindly asked to bring this document as meeting materials. If you attend the meeting, you do not need to take the procedures for exercising the voting rights by mail (Voting Rights Exercise Form) or via the Internet.

If you are unable to attend the meeting, you can exercise your voting rights by either of the methods described below. Please exercise your voting rights by the time indicated below.

Notes for attendance

- To help prevent global warming and respond to the government's request for reducing the consumption of electricity, we will turn down the air conditioner. Accordingly, we would like to ask shareholders who attend the meeting to be lightly dressed. Directors and employees of the Company will also be lightly dressed (in Cool Biz style).
- If you are unable to attend the meeting, a shareholder who has voting rights as a proxy may attend the meeting in your place. However, in this case we will need to receive a form designating such person as your proxy.

In the case of not attending the general meeting of shareholders

If you are unable to attend the meeting, you can exercise your voting rights by either of the following methods. Please exercise your voting rights by the following deadline.

Deadline for exercising voting rights
6 p.m., Thursday, June 22, 2017 (JST)

Your early voting would be greatly appreciated since it facilitates vote counting.

Voting via Postal Mail

Indicate whether you vote for or against the proposals in the enclosed Voting Rights Exercise Form and then return it by 6 p.m. on Thursday, June 22, 2017 (JST).

Voting via the Internet

Please check the content described on page 4 before exercising your voting rights.

Electronic Voting Platform for Institutional Investors

Institutional investors can also exercise voting rights for this meeting in electronically from the "Electronic Voting Platform" operated by ICJ, Inc.

REFERENCE DOCUMENTS FOR THE GENERAL MEETING OF SHAREHOLDERS

Proposal No. 1: Election of Nine (9) Directors

All nine (9) directors' tenure of office is to expire at the conclusion of this General Meeting of Shareholders.

We propose to elect nine (9) directors (three of whom are first-time candidates for director) including three (3) external directors to fill the quota of nine (9) directors prescribed in the Company's Articles of Incorporation.

Mr. Yasuyuki Abe, Mr. Junichi Hikita and Mr. Shinjiro Iwata are candidates for external directors.

The Company will continue to strengthen governance by having an External Director serve as the Chairman of the Board of Directors.

Furthermore, if the three (3) candidates for external director are elected in the original form of the proposal, the Company plans to designate all of them as independent directors as stipulated in the provisions of the Tokyo Stock Exchange, Inc.

The candidates for director are as follows:

<p>Special notes on candidate for external director Mr. Yasuyuki Abe is a candidate for external director prescribed under Article 2, paragraph 3, item 7 of the Ordinance for Enforcement of the Companies Act.</p> <p>Reasons for selecting him as a candidate for external director The Company proposes to elect Mr. Yasuyuki Abe as an external director and expects his proper advice as a corporate manager based on his extensive experience, knowledge, professional views and personal relationships in the electronics, machinery and information industry fields abroad that were obtained through his work at and management of companies outside the Group, will be utilized in the Company's management, and that he will continue to be active in a position to supervise the Company's management by giving the Company advice and proposals as an objective third party not involved in the Group's business execution in order to ensure the appropriateness and properness of the decision-making process by the Board of Directors.</p> <p>Tenure of office as external director of the Company since he took office Mr. Abe is currently an external director of the Company, and his tenure of office as an external director of the Company will be two (2) years at the conclusion of this General Meeting of Shareholders.</p> <p>Outline of the liability limitation agreement The Company has concluded a liability limitation agreement regarding the indemnity liability provided under Paragraph 1 of Article 423 of the Companies Act with Mr. Abe. The indemnity liability shall be thereunder limited to 5 million yen or the minimum liability limitation provided by laws and regulations, whichever is higher, when the external director has acted faithfully and without gross negligence. When the reappointment of Mr. Abe is approved, the Company shall extend this agreement with him.</p> <p>Matters concerning independence No mutual relationship exists between Sumitomo Corporation and Orange and Partners Co., Ltd., where he concurrently holds office, and the Company, such as business transactions including donations, mutual dispatch of directors or shareholding. SCSK Corporation ("SCSK") and the Company had business relations in the past regarding purchases, and the predecessors of SCSK included Sumisho Electronics Co., Ltd. and Sumisho Computer Systems Corporation, both of which he previously served in as an executive. However, SCSK's transactions with the Company amounted to less than one (1) percent of the consolidated net sales of the Company or SCSK, and did not fall under major transactions for either the Company or SCSK. No transactions were recorded in the consolidated fiscal year under review. In addition, he resigned as a representative director of SCSK seven (7) years ago and currently has no relationship with the company. Additionally, no mutual relationship exists between SCSK and the Company including donations, mutual dispatch of directors or shareholding. Furthermore, SUBARU CORPORATION, where Mr. Abe serves as an outside corporate auditor, currently has business relations with the Company with regard to purchases and sales. Its transactions with the Company, however, amounted to less than one (1) percent of the consolidated net sales of the Company or the firm in the consolidated fiscal year under review, and do not fall under major transactions for either the Company or the firm. In addition, no mutual relationship exists between SUBARU CORPORATION and the Company including donations, mutual dispatch of directors or shareholding. Furthermore, Mr. Abe has not been an operating officer or the like of our major business partners and major shareholders in the past other than that stated above. For these reasons, the Company regards him as independent. The Company provided notice on Mr. Abe to the Tokyo Stock Exchange (TSE), Inc. as an independent director as appointed by the Company under the provisions of TSE. If Mr. Abe's appointment is approved, the Company will continue to designate him as an independent director.</p>

Matters concerning independence

No mutual relationship exists between Hikita Consulting Co., Ltd., where he concurrently holds office, and the Company, such as business transactions including donations, mutual dispatch of directors or shareholding.

ROHM Co., Ltd., which Mr. Hikita previously served in as an executive, and the Company currently have business relations regarding purchases and transactions. However, transactions of ROHM Co., Ltd. with the Company amounted to less than one (1) percent of the consolidated net sales of the Company or ROHM Co., Ltd. in the consolidated fiscal year under review, and do not fall under major transactions for either the Company or ROHM Co., Ltd. In addition, he resigned as Senior Corporate Advisor of ROHM Co., Ltd. nine (9) years ago and currently has no relationship with the company. Although ROHM Co., Ltd. holds 31,400 shares of the Company, the number of shares held is considered to be small, the shares are not cross-held, and no mutual relationship exists between the Company and ROHM Co., Ltd. including donations and mutual dispatch of directors.

Furthermore, Mr. Hikita has not been an operating officer or the like of our major business partners and major shareholders in the past other than that stated above. For these reasons, the Company regards him as independent.

The Company provided notice on Mr. Hikita to the Tokyo Stock Exchange (TSE), Inc. as an independent director as appointed by the Company under the provisions of TSE. If Mr. Hikita's appointment is approved, the Company will continue to designate him as an independent director.

Group's external Audit & Supervisory Board Member, and by providing proper advice and proposals, including those as a corporate manager and in the business management field, at the Board of Directors and the Audit & Supervisory Board as an objective third party, separate from the Group.

Outline of the liability limitation agreement

In the case where he is elected as an external Audit & Supervisory Board Member, the Company will conclude a liability limitation agreement regarding the indemnity liability provided under Paragraph 1 of Article 423 of the Companies Act with Mr. Washida. The indemnity liability shall be thereunder limited to 5 million yen or the minimum liability limitation provided by law, whichever is higher, when the external Audit & Supervisory Board Member has acted faithfully and without gross negligence.

Matters concerning independence

No mutual relationship exists between Mitsui High-tec, Inc. and Cool.revo Inc., both of which he previously served in as an executive, and the Company, such as business transactions including donations, mutual dispatch of directors or shareholding. In addition, although Sony Corporation, where he previously served as an executive, has had business relations with the Company from the past to present regarding purchases through distributors, its transactions with the Company amounted to less than one (1) percent of the consolidated net sales of the Company or Sony Corporation in each of the consolidated fiscal year from the past to the fiscal year under review, and do not fall under major transactions for either the Company or the firm. Mr. Washida resigned from Sony Corporation more than 10 years ago and currently has no relationship with the company. In addition, no mutual relationship exists between Sony Corporation and the Company including donations, mutual dispatch of directors or shareholding.

Furthermore, Mr. Washida has not been an operating officer or the like of our major business partners and major shareholders in the past other than that stated above. For these reasons, the Company regards him as independent.

In the case where he is actually elected as an Audit & Supervisory Board Member, the Company shall designate him as an independent auditor as stipulated in the provisions of the Tokyo Stock Exchange (TSE), Inc. and notify the TSE of that designation.

Notes to the candidate:

1. There are no conflicts of interest between the candidate and the Company.
2. The candidate for substitute audit & supervisory board member will not receive and have not received in the past two (2) years a large amount of money or other assets (excluding the remuneration for audit & supervisory board member) from the Company or special related corporations of the Company.

BUSINESS REPORT
(From April 1, 2016 to March 31, 2017)

1. Matters Concerning the Current Situation of the Group

[1] Course of Business and the Results

As described in the "Notice Regarding Corrections to Earnings Results of the Company" announced on January 31, 2017 and in accordance with the Financial Instruments and Exchange Act, the Group revised the results from the third quarter of the fiscal year ended March 2012 (from April 1, 2011 to March 31, 2012) until the second quarter of the fiscal year ended March 2017 (from April 1, 2016 to March 31, 2017). In this business report, non-consolidated financial statements and consolidated financial statements, the cumulative effect of the above corrections to the previous fiscal years' results has been handled in accordance with the consolidated statement of changes in shareholders' equity and statement of changes in shareholders' equity for the fiscal year, based on the Companies Act. Accordingly, the amounts of profit or loss in the previous fiscal years are different from those stated in annual securities reports, etc. For details, see [9] Transition of Assets and Profit & Loss.

Looking at the global economy during the fiscal year under review, the U.S. economy saw moderate growth in corporate earnings and personal consumption on the back of an upturn in employment. Meanwhile, there was a sense of uncertainty about the feasibility of various policies rolled out by the new administration since its inauguration. In Europe, there was temporary turmoil in the financial markets caused by factors including the UK's exit from the European Union, but the economy was on an expansionary trend, driven by an increase in personal consumption due to the effects of the easy monetary policy implemented by the European Central Bank. Meantime, growing tensions surrounding North Korea and Syria cast shadows over the international situation, which fueled uncertainty over the global economy. In Japan, consumer confidence fell into a lull due to the yen's rapid appreciation in the first half of the fiscal year under review, which led to sluggish consumption. But the yen turned around and started to depreciate from the third quarter. As a result, Japan's economy showed a modest recovery.

Under these circumstances, net sales of the JVCKENWOOD Group for the fiscal year under review increased from the previous fiscal year, despite the effects of foreign exchange fluctuations, due to higher sales in the Automotive Sector and the Media Service Sector. Profits and losses of the Group as a whole were affected by factors that were within our period-start projection, such as foreign exchange fluctuations and higher retirement benefit expenses. However, profit increased in the Automotive Sector and the Media Service sector. As a result, operating income increased from the previous fiscal year. In addition, ordinary income surged from the previous fiscal year, due to the growth in operating income and an improvement in non-operating income/loss. On the other hand, net income attributable to owners of parent fell to a net loss, due primarily to an extraordinary loss recorded for the fiscal year under review.

Profit-and-loss exchange rates used when preparing the financial statements for the fiscal year under review are as follows:

		1 st Quarter (from April 1, 2016 to June 30, 2016)	2 nd Quarter (from July 1, 2016 to September 30, 2016)	3 rd Quarter (from October 1, 2016 to December 31, 2016)	4 th Quarter (from January 1, 2017 to March 31, 2017)
Profit-and-loss exchange rates	U.S. dollar	approx. 108 yen	approx. 102 yen	approx. 109 yen	approx. 114 yen
	Euro	approx. 122 yen	approx. 114 yen	approx. 118 yen	approx. 121 yen

	Euro	approx. 134 yen	approx. 136 yen	approx. 133 yen	approx. 127 yen

*** Consolidated Net Sales**

Net sales for the fiscal year under review increased about 7,100 million yen, or 2.4%, year-on-year to 299,278 million yen, despite the effects of exchange rate fluctuations.

Sales in the Automotive Sector increased from the previous fiscal year, reflecting higher sales in the OEM Business resulting from increased sales of dealer-installed option products, among other factors. Meanwhile, sales in the Public Service Sector decreased from the previous fiscal year due primarily to lower sales in the Communication Systems Business and the Professional Systems Business, which is operated mainly by JVCKENWOOD Public & Industrial Systems Corporation ("JKPI"), compared with a

year ago. Meantime, sales in the Media Service Sector increased due to higher sales in the Entertainment Business, reflecting strong sales of content.

Excluding the effects of foreign exchange fluctuations, net sales for the fiscal year under review grew about 9% year-on-year.

*** Consolidated Operating Income**

Operating income for the fiscal year under review increased about 1,300 million yen, or 28.6%, year-on-year to 5,781 million yen.

Operating income in the Automotive Sector grew sharply. This is because the Consumer Business enjoyed strong sales of Saisoku-Navi, an SSD-type of AV car navigation system, and dashcams in the domestic market, as well as healthy sales of audio and multimedia products in overseas markets. In addition, the OEM Business saw growth in sales of dealer-installed option products. In the Public Service Sector, profits decreased from the previous fiscal year, reflecting the lower profit recorded in the Professional Systems Business, despite an increase in profit in the Communication Systems Business. The Media Service Sector as a whole achieved a profit increase, due to a sharp profit increase in the Entertainment Business.

*** Consolidated Ordinary Income**

Ordinary income for the fiscal year under review improved about 2,300 million yen, or 180.0%, year-on-year to 3,616 million yen because non-operating income/loss improved, due mainly to higher net financial income, coupled with the increase in operating income.

*** Consolidated Net Income Attributable to Owners of Parent**

Net income attributable to owners of parent for the fiscal year under review declined about 10,100 million yen from the previous fiscal year to a net loss of 6,727 million yen, despite the increase in ordinary income, reflecting the recording of extraordinary loss for the fiscal year under review.

Net Sales

In the Consumer Business, sales of Saisoku-Navi series car navigation systems and dashcams were strong in the domestic market. However, sales in overseas markets were negatively affected by foreign exchange fluctuations. As a result, net sales in the Consumer Business declined from a year ago.

In the OEM Business, net sales increased from the previous fiscal year, due mainly to a sharp increase in sales of dealer-installed option products.

Operating Income

In the Consumer Business, operating income for the fiscal year under review increased from a year ago, due mainly to improved product mix as a result of strong sales of Saisoku-Navi series car navigation systems and dashcams in the domestic market, despite the negative impact of foreign exchange fluctuations in overseas markets.

In the OEM Business, an operating loss was recorded in i-ADAS*-related business. However, the operating loss for the fiscal year under review decreased significantly from a year ago, reflecting the sharp increase in sales of dealer-installed option products.

*Standing for innovative Advanced Driver Assistance System, i-ADAS is a registered trademark of JVCKENWOOD.

Topics

In the consumer business of car navigation systems, we market them solely under KENWOOD brand in Japan, and our Saisoku-Navi series, developed by integrating the technologies of the former Victor Company of Japan, Limited and Former Kenwood Corporation, have won a big market. We have released the first high-resolution audio model in the industry for the series and, thanks to its popularity, our car navigation systems for consumer market increased both sales volume and market share in a gradually declining market. In addition, despite being the last market entrant, we launched our dashcams in December 2014, and achieved top share in the market, owing to the additionally installed driver assistance functions as well as the high resolution images that we are able to provide by leveraging the technology and knowhow of our video cameras.

Looking ahead, we will proceed with our sales strategies tailored to suit each country's market in Japan and overseas. As part of these measures, our dashcams, which have proven popular in Japan, will be sold overseas, by both expanding them in existing markets and launching them on new markets. In addition, we will enhance our lineup of Apple Carplay and Android Auto™compatible display audios that allow seamless connection with smartphones, further expand our market share by strengthening our Saisoku-Navi lineup of products, and conducting full-scale launches of in-vehicle cameras.

In the OEM business, we are leveraging the strong acceptance of the Saisoku-Navi lineup and dashcams we have been developing in the consumer market in Japan and the cooperation with partner companies to obtain large orders from major Japanese automobile manufacturers in the Dealer-Installed Option Business.

Looking ahead, we aim to expand our business in the Dealer-Installed Option Business by maintaining and growing our share in Japan while developing our business overseas, particularly in Asia. In the Factory-Installed Equipment Business, while aiming to secure new orders mainly for display audios, we will strive to develop and secure orders for the next-generation digital cockpit system (e-meters, e-mirrors, head-up displays, etc.), which are expected to grow in the future.

***Public Service Sector**

Net Sales

Net sales in the Communication Systems Business decreased from the previous fiscal year, due to the effects of foreign exchange fluctuations, despite strong sales of professional radio systems. Net sales in the Professional Systems Business, operated mainly by JKPI, declined from a year ago, reflecting a drop in demand in some markets.

Operating income

In the Communication Systems Business, operating income increased from the previous fiscal year, despite a decrease in sales, due largely to reductions in the fixed costs of U.S. communication systems subsidiaries.

In the Professional Systems Business, operating income decreased from the previous fiscal year, due primarily to the effects of the aforementioned drop in sales.

A capital and business alliance with a U.S. professional wireless LTE smartphone system company

There is rapidly rising demand for new solutions utilizing not only voice communication but also image and video transmissions in mission-critical professional wireless systems for public safety agencies, including police, fire departments and EMS.

As for professional wireless systems for the private sector, there is a new market for simultaneous broadcast communication for professional wireless systems (PoC*) using the mobile phone network, and the expectation for solutions that enable image and video transmission is increasing. In this market environment, in order to strengthen our efforts to improve professional broadband wireless solutions, we entered into a capital and business alliance with American company Sonim Technologies, Inc. (hereafter "Sonim Inc."), which leads the industry with its robust professional LTE smartphone systems.

We are working together with our communication systems subsidiaries in the U.S., EF Johnson Technologies, Inc. and Zetron, Inc. to strengthen our proposed wireless integrated systems, and by incorporating Sonim Inc.'s technology we will continue to develop a wide range of broadband wireless solutions. Also, our collaboration with Sonim Inc. will enable us to provide useful solutions such as security video surveillance, management systems to track employees, and face recognition data analysis. Through these efforts, we aim to build new business models, such as service billing.

*Media Service Sector

Net Sales

In the Media Business, net sales decreased from the previous fiscal year, affected by lower sales of professional video cameras, reflecting the impact of exchange rate fluctuations, and a decline in sales of consumer video cameras in the Japanese market because a series of earthquakes that hit Kumamoto on and after April 14, 2016 disrupted the supply of parts.

In the Entertainment Business, net sales increased from the previous year in the business as a whole, due to strong content sales, despite the effects of a decrease in sales resulting from the relocation of the subsidiary JVCKENWOOD Creative Media Corporation, a contract production service provider for package media such as CD, DVD, and Blu-ray products.

Operating Income

In the Media Business, operating income decreased, due mainly to the effects of the drop in sales.

In the Entertainment Business, operating income grew sharply, due largely to strong content sales.

New development of EXOFIELD out-of-head localization sound field processing technology

Using various sound field processing technologies we have cultivated until now, we have newly developed "EXOFIELD" out-of-head localization sound field processing technology that enables reproduction of a sound field and localization of sound images created by speakers in a listening room when listening with headphones (19 related patents are pending).

With the penetration of digital audio players and smartphones, more and more people are listening to music through headphones. However, sound transmitted to users through their right and left ears over conventional headphones is localized inside their heads. Thus, conventional headphones had a weakness in reproducing a spatial sound field and localization of sound images users experience when listening to music on speaker.

EXOFIELD uses sound field processing based on measurement of various acoustic characteristics including personal characteristics and excels at reproducing the depth and sense of distance of sound images, notably of those localized to the center position of sound images, which could not be achieved well with the general conventional out-of-head localization technology. As a result, the new technology creates a realistic sound field effect even when listening with headphones, as if the user is listening to music on speakers. Also, EXOFIELD brings natural listening to users who experience a sense of oppression with headphones because it doesn't feel as though the sound is coming from right next to the ear. In addition, multichannel sound source playback is supported and stereo sound-field headphone playback, like for home theater or VR (virtual reality), is also possible.

We have launched our first release of products called "WiZMUSIC," an unprecedented and innovative sound-field property customizable service that enables listeners to enjoy a sound-field effect that is optimally adjusted to fit each listener's ears, face shape, etc. and to get reproduction of a sound field achieved in speaker listening even with headphones. It is being released under the newly revived Victor brand as "products to commemorate 90 years since Victor's foundation"

[2] Issues to be Addressed

In order to realize "Vision 2020," the Group will continue working to expand its existing businesses. We will also apply the superior technologies and know-how we have accumulated in video, sound, and communications, to promising sectors with social significance, including the automotive and healthcare sectors. We will also look ahead to the issues that customers face and continuously offer cutting-edge solutions as a partner in resolving issues, moving forward boldly with new growth strategies and engaging in our next leap forward.

(1) Automotive Sector

In the Consumer Business, we are continually working to expand our presence amid a severe environment, through means including the maintenance of domestic car navigation system demand and the creation of markets for dashcams.

Looking ahead, we will continue to sustain and increase our share through the introduction of the strong-selling Saisoku-Navi and new dashcam products and through sales channel expansion, and will work to accelerate the overseas rollout of dashcams.

In the OEM Business, we have acquired orders for dealer-installed option products business above expectations, and are entering the full-scale harvesting period following upfront investment. The digital

cockpit system that we have been developing as a next-generation business in the Factory-installed Option Business has been adopted by McLaren Automotive from the U.K.

Looking ahead, we will work to further increase income from dealer-installed option products through the expansion of car navigation systems to new customers and dashcam sales, and will work to acquire orders in the Factory-installed Option Business, centered on display audio and ADAS.

(2) Public Service Sector

Despite slowness in the recovery of new orders in communications system subsidiaries in the U.S., the backlog of orders is expanding in the Communications Systems Business. In addition, amid the lengthening of the effects of macroeconomic factors beyond expectations, the Terminals Business remains robust, with an increase in income if exchange rate effects are excluded. Looking ahead, we will make full-scale efforts to expand system orders and introduce new device products, centered on our U.S. communications subsidiaries. We will also enter the IP radio system sector through a capital and business tie-up with Sonim Technologies.

The Professional Systems Business is beginning to achieve orders for new solutions systems, despite the impact of declining demand in some markets.

Looking ahead, we aim to expand orders through strengthened solution proposal capabilities under an organization that integrates sales and engineering.

(3) Media Service Sector

In the Media Business, we are steadily making a shift to cutting-edge products and services in the consumer products sector. At the same time, in the solutions sector, we are working to provide new products and services amid a severe competitive environment.

Looking ahead, we will maintain the robust consumer sector and will strengthen our competitiveness in the solutions business, making the introduction of new projectors and professional video cameras as a starting point. In addition, we will carry out business development utilizing the Company's brand assets, such as special anniversary models and a redefinition of the Victor brand.

The Entertainment Business increased income significantly in the consolidated fiscal year under review, due to large-size works. We will continue to undertake artist discovery and education, and the acceleration of business in all directions.

[3] State of Capital Investments

The total amount of capital investments implemented in the consolidated fiscal year under review is about 9,000 million yen. The main subjects of the investments are for the expansion, improvement and upgrade of production facilities, including tools, furniture and fixtures.

[4] State of Financing

Not applicable.

[5] State of Transfer of Business, Merger & Division, or New Establishment & Division

As of February 12, 2016, the Company concluded an absorption-type split agreement to demerge its Professional Systems Business (excluding the card printer business) to be succeeded by its wholly owned subsidiary JVCKENWOOD Business Solutions Corporation (currently, JVCKENWOOD Public & Industrial Systems Corporation). The split came into effect on April 1, 2016.

As of December 22, 2016, the Company agreed to have our Card Printer Business succeeded by G-Printec, Inc. ("GPI") in an absorption-type company split agreement, effective March 1, 2017.

[6] State of Transfer of Business from Other Companies

Not applicable.

[7] State of Succession of Rights and Obligations Regarding Other Corporations in Relation to the Merger & Acquisition or Merger & Division

As of December 25, 2015, the Company concluded an absorption-type merger agreement with JVCKENWOOD Optical Components Corporation ("JKOC"), a wholly owned subsidiary of the Company, as the absorbed company and the Company as the surviving company. The merger came into effect on April 1, 2016.

[8] State of Ownership of Other Company Shares or Acquisition or Disposal of Share Options

The Company owned 59.26% of the issued shares of JVCKENWOOD Arcs Corporation ("Arcs"), but transferred all shares of Arcs to Hibino Corporation, effective December 1, 2016.

The Company previously owned 100 issued shares of GPI, a wholly owned subsidiary, but transferred 60 shares to AZ-Star Investment Limited Partnership and 40 shares to Kanematsu Corporation.

6. Framework and Policies of the Company

[1] Framework to Ensure the Conformity of the Directors' Exercise of Duties with the Laws and Regulations, and the Articles of Incorporation, and Framework to Ensure Propriety of the Company's Other Operations, and of Operations of the Corporate Group Consisting of the Company and its Subsidiaries

(1) Framework for ensuring that the execution of duties of the directors, employees, etc., of the Corporate Group Consisting of the Company and its major subsidiaries (hereinafter the "Group") conforms to laws and regulations and the Articles of Incorporation

- 1) The corporate vision, management policies and action guidelines are prepared and followed, while being shared and fully recognized by all officers and employees of the Group under the leadership of a department in charge of compliance.
- 2) Various internal rules and guidelines, etc., for the entire Group are prepared and updated as the guidelines for the execution of duties by employees.
- 3) The JVCKENWOOD Group Code of Conduct on Compliance are established and followed.
- 4) Each of the Group companies establishes the "Board of Directors Regulations" to properly supervise the management decision making and directors' execution of duties.
- 5) Internal audits targeted at the entire Group are conducted. In addition, the "JVCKENWOOD Group Whistle-Blowing Rules" are stipulated as a means for enabling internal reporting by all employees of the Group to establish the procedures for internally notifying any act that deviates from the "JVCKENWOOD Group Code of Conduct on Compliance," carrying out corrective measures against such act and protecting the whistle-blowers from unfair treatment.
- 6) Audit & Supervisory Board Members audit the execution of duties by the Group's directors, employees, etc., from an independent standpoint.

(2) Frameworks for storing and managing information in relation to the execution of duties by the Company's directors

- 1) The minutes of the Board of Directors' meetings are created in accordance with the "Board of Directors Regulation" and stored at the head office in accordance with the relevant laws and regulations and internal rules.
- 2) The "Regulations for Management of Confidential Information" are established to define the basic rules to be observed in managing confidential information whether in print or in electronic form, and are handled determinately.

(3) Regulations and other frameworks for managing the risk of loss of the Group

- 1) The Group regulations for compliance and risk management are established, together with an across-the-board organization for monitoring them with responsibilities being clearly defined, thereby promoting the Group's risk management efforts in a proper manner.
- 2) The risk management rules by type of risk are prepared and updated to prevent various risks that might occur in the Group and clarify the actions to be taken in the event of such risks, as well as measures for restoration, thereby preventing the damage from spreading and minimizing the loss should a critical issue arise.

(4) Frameworks for ensuring the efficient execution of duties of the Group's directors

- 1) The Company formulates business plans, etc., on a group basis, thereby clarifying management targets, promoting awareness thereof in the Group and evaluating the status of achievement thereof.
- 2) The Company has in place the executive officer system to entrust the duty of business execution to the Executive Officers, thereby separating management oversight functions from business execution functions and clarifying the realms of oversight responsibility and business execution responsibility.
- 3) The Company establishes the "Board of Directors Regulations" and the "Board of Executive Officers Regulations," as well as the "Administrative Authority Regulations," the "Decision-Making Authority Standards" and the "Decision-Making Items Table" for the entire Group, to clarify the method of making decisions for the entire Group management.
- 4) The rules regarding segregation of duties for each department of the Group are established to clarify the scope of duties and execute them determinately.

(5) Frameworks for ensuring the propriety of business operations in the Group

- 1) Based on the "Basic Policies on Consolidated Management," the management philosophy and management policies are shared among the Group companies. In addition, the "Administrative Authority Regulations," the "Decision-Making Authority Standards" and the "Decision-Making Items Table" are established as the regulations applying to the entire Group to ensure the propriety of business operations on a Group-wide basis.
- 2) The Company dispatches directors or business supervising officers to major subsidiaries to ensure the propriety of business operations.
- 3) The Company executes the internal audits of the Group subsidiaries through its internal audit department.

(Translation)

(6) Frameworks for reporting to the Company on matters concerning the execution of duties of directors and business executing employees, etc., of the Group subsidiaries

- 1) The Company assigns a responsible department in each subsidiary to ensure that the subsidiary reports important information to such department, which in turn has responsibility for the overall management of that subsidiary.
- 2) If necessary, the Company dispatches directors and/or administrative staff members to a subsidiary so that the Company's business execution team can grasp the status of business operation of that subsidiary.
- 3) The Company keeps in place a reporting system to ensure that reports of any abnormal situation occurring internally and possibly affecting the operations of the Group's businesses will be delivered to the top management of the Company through an appropriate procedure and without delay.

(7) Systems concerning employees who assist the Company's audit & supervisory board members in performing their duties, matters concerning the independence of such employees from the Company's directors and matters concerning how to ensure the effectiveness of directions given to such employees

- 1) The Company assigns dedicated employees as staff members who assist the Company's audit & supervisory board members in performing their auditing duties.
- 2) The Company lets audit & supervisory board members evaluate the performance of employees exclusively assigned as staff of audit & supervisory board members and has prior discussion with audit & supervisory board members with regard to the assignment of such staff.
- 3) The Company's audit & supervisory board members clarify the necessary matters to ensure the independence of the employees assisting them, including the auditors' authority to give orders to the supporting staff. The Company respects such matters.

(8) Frameworks for giving reports to the Company's audit & supervisory board members by directors and employees of the Company, directors, audit & supervisory board members, business operating employees and employees of the Company's subsidiaries, or persons who have received reports therefrom

- 1) The Company's audit & supervisory board members attend the Board of Directors' meetings and other important meetings to receive reports on the status of business execution of the Group and other important matters.
- 2) The Company's directors and general managers of head office departments report their business execution status to the Company's audit & supervisory board members periodically and as required.
- 3) The Company's audit & supervisory board members execute auditing of the Company's business centers and subsidiaries according to the annual audit plan, including the above, and receive reports and hear opinions therefrom.
- 4) The Group's directors and employees and persons who have received reports therefrom promptly respond whenever the Company's audit & supervisory board members ask for reports on the businesses or investigate the status of the Group's business and property.
- 5) A Group-wide notification system is provided, by which parties such as Group employees, can directly notify any fraudulent activities and concerned issues regarding accounting and auditing that might arise within the Group to the Audit & Supervisory Board.
- 6) The Company's audit & supervisory board members periodically receive reports on the audit plans and audit results of the internal auditing department.

(9) Frameworks for ensuring that directors and employees of the Company, directors, audit & supervisory board members, business operating employees and employees of the Company's subsidiaries, or persons who have received reports therefrom do not receive unfair treatment due to the act of delivering such reports

- 1) It is prohibited to unfairly treat a person within the Group who has delivered reports to the Company's audit & supervisory board members on account of said act of delivering notification. This is fully recognized among the directors and employees of the Group.
- 2) The Company's audit & supervisory board members who have received notification through the whistle-blowing system ask the related departments not to unfairly treat that whistle-blower due to the act of notification. Should the audit & supervisory board members be informed by that whistle-blower that he/she is under unfair treatment, they call on the Company and the Group's personnel department to discontinue such unfair treatment.

(10) Matters concerning the policies on the procedures for advance payment or redemption of expenses arising from the execution of the duties of the Company's audit & supervisory board members and any other treatment of expenses or liabilities arising from the execution of such duties

- 1) When the Company's audit & supervisory board members ask the Company for advance payment or other treatment of expenses arise in relation to their execution of duties, the Company will

(Translation)

immediately address such expenses or liabilities, unless such expenses or liabilities are proved to be unnecessary for the execution of the duties of the Company's audit & supervisory board members.

- 2) The Company's audit & supervisory board members conduct the payment of audit expenses, while giving due consideration to the efficiency and appropriateness of the audit.

(11) Other frameworks for ensuring effective auditing of the Company's audit & supervisory board members

- 1) The Company's directors prepare conditions to enable the execution of effective audit in accordance with the audit plan made up by the Company's audit & supervisory board members.
- 2) The Company's representative directors and audit & supervisory board members have periodical meetings in order to enhance mutual communication.
- 3) The Company's directors prepare conditions to enable the Company's audit & supervisory board members to cooperate with the departments in charge of legal affairs, accounting and internal auditing as well as external experts for the implementation of their duties.
- 4) The appointment of the Company's external audit & supervisory board members is made with consideration to their independence and expertise.

(12) Frameworks for ensuring the propriety of financial reports

- 1) In accordance with the Financial Instruments and Exchange Act and related laws and regulations, systems are provided to ensure the propriety of financial reports of the Group, which consists of the Company and its subsidiaries.
- 2) The enhancement and operation of the system to ensure the propriety of financial reports is periodically evaluated and promoted the improvement thereof.

(13) Basic policy for the elimination of antisocial forces

The Group shall refuse any and all transactions, including the provision of funds and backstage deals, with all antisocial forces which could possibly cause damage to the whole JVCKENWOOD Group, including its stakeholders by making unjustifiable requests to the Group's officers and employees or by obstructing healthy business activities, by means of tying up with external professional organizations as necessary and taking appropriate measures including legal actions. The Group recognizes that the elimination of such antisocial forces is essential for ensuring the propriety of the Company's businesses.

[2] Overview of the Operating Status of the Framework to Ensure the Conformity of the Directors' Exercise of Duties with the Laws and Regulations, and the Articles of Incorporation/Framework to Ensure the Propriety of Other Operations of the Company, and of Operations of the Corporate Group Consisting of the Company and its Subsidiaries

The overview of main activities that were carried out in the fiscal year under review based on the above frameworks is as follows:

(1) Compliance Activities

Led by the Compliance Committee chaired by the Chief Executive Officer (CEO), and the responsible departments, related regulations are updated, internal education is conducted, and examples are sent out. In addition, information about the Auditing Informer System and whistle-blowing system are disseminated.

(2) Risk Management Activities

Risk surveillance and business continuity plan are updated, and response training for expected situations is conducted by each department. In addition, information about the reporting and response frameworks in the event that abnormal situations arise is disseminated.

(3) Activities Regarding Operation of the Board of Directors

Through the operation of the Board of Directors with an external director elected as chair in addition to having the executive officer system in place, the Company has enhanced corporate governance and established a management system in which the duty of business execution is delegated to the Executive Officers, whereby management oversights and business executions are more clearly separated.

(4) Subsidiary Management Activities

The Corporate Audit Office conducts operational audits of domestic and overseas subsidiaries in a two to three-year cycle. Regarding seven subsidiaries, we carry out audits in collaboration with the Audit & Supervisory Board Members. In addition, as for issues raised as a result of operational audits, we are following the state of improvement measures.

(5) Regarding Audits Performed by Audit & Supervisory Board Members

The Audit & Supervisory Board Members have attended important meetings, including those of the Board of Directors, the Board of Executive Officers and the Management Committee, to receive reports on the status of business execution and other important matters. They also have received reports from Directors, Executive Officers and department heads of the Company and its subsidiaries on the status

of their business execution and other matters through interviews and onsite audits. Furthermore, the Audit & Supervisory Board Members have performed onsite audits of a total of 24 domestic and overseas subsidiaries and affiliates during the fiscal year under review, and received reports from Corporate Audit Office on the annual internal audit plan at the beginning of the fiscal year, as well as reports on the internal audit results on a monthly basis.

[3] Basic Policy Regarding the Control of a Stock Company

If a share acquisition by a specific individual or group may risk damaging the corporate value or the common interests of shareholders, the Company considers it necessary to take appropriate measures to ensure the corporate value and the common interests of shareholders to the extent that can be tolerated by laws and regulations and the Articles of Incorporation. The Company also acknowledges the importance of ensuring the corporate value and the common interests of shareholders, and is carefully continuing reviews on the matter, but at this point no concrete defense measures have been implemented.

[4] Basic Policies for Distribution of Profits

The Company considers a stable return to shareholders and securing management resources for future growth to be one of its most important managerial issues, and sets the dividend from surplus and other distributions based on a comprehensive consideration of the Company's profitability and financial position.

The Company stipulates in its Articles of Incorporation that it can pay dividends from surplus on a record date it determines, in addition to two (2) record dates in a year: the record date for the year-end dividend (March 31) and that for the interim dividend (September 30).

The Company stipulates in its Articles of Incorporation that matters, including dividends from surplus, set forth in each item of Article 459, Paragraph 1 of the Companies Act shall be decided by resolutions of the Board of Directors, not those of general meeting of shareholders, unless otherwise provided by laws and regulations.

Based on this policy, the Company's Board of Directors resolved at its meeting held on October 31, 2016 not to pay an interim dividend for the fiscal year under review in order to concentrate management resources in the recovery of business results. With regard to a year-end dividend, based on the full-year business results, the Board of Directors resolved at its meeting held on May 12, 2017 to pay a year-end dividend of 5 yen per share with capital surplus as funds.

Audit & Supervisory Board Members' Report

Audit Report

The Audit & Supervisory Board audited the Directors' performance of duties for the 9th business period from April 1, 2016 to March 31, 2017. The Audit & Supervisory Board reports the method and the results as follows:

1. Audit Method and Details by the Audit & Supervisory Board Members and the Audit & Supervisory Board

The Audit & Supervisory Board established the auditing policies, audit plan, audit implementation standards, and received reports from each Audit & Supervisory Board Member on the status of implementation of audits and results thereof. In addition, it received reports from Directors, Executive Officers and the accounting auditor on the status of execution of their duties and asked them for explanations as necessary.

In accordance with the auditing policies and auditing standards for Audit & Supervisory Board Members, which were established by the Audit & Supervisory Board, each Audit & Supervisory Board Member maintained good communication with Directors, Executive Officers, the Management Audit Office (the internal audit division) and employees, strived to collect information, improved the auditing environment, and implemented audits as follows:

- (1) We attended Board of Directors' meetings and other meetings as deemed important, received reports from Directors, Executive Officers, and employees on the status of execution of their duties, asked for explanations as necessary, perused the documents whereby the important decisions were made and other important documents, and examined business and financial conditions at the head office and principal offices. Furthermore, with regard to subsidiaries, we maintained good communication and exchanged information with Directors of the subsidiaries, visited the head offices and principle offices of the subsidiaries as necessary, and received business reports from the subsidiaries.
- (2) With regard to the details of the resolution made by the Board of Directors concerning the establishment of the systems stipulated in Article 100, Paragraphs 1 and 3 of the Ordinance for Enforcement of the Companies Act as what is necessary for ensuring the appropriateness of operations of a corporate group consisting of a stock company and its subsidiaries, including the framework to ensure the conformity of the Directors' exercise of function with the Laws and Regulations and the Articles of Incorporation, which is described in the Business Report, as well as systems established based on the relevant resolution (internal control system), we periodically received reports from Directors, Executive Officers, the Management Audit Office (the internal control division) and employees on the status of establishment and operation of such systems, asked for explanations as necessary and expressed our opinions.
- (3) We monitored and verified whether the accounting auditor maintains independency and properly implements audit, received from the accounting auditor reports on the execution of duties and asked for explanations as necessary. We also received a report from the accounting auditor stating that "systems for ensuring proper execution of duties" (listed in each item of Article 131 of the Company Accounting Ordinance) have been established in accordance with the "Quality Control Standards for Audits" (Business Accounting Council, October 28, 2005), and asked the accounting auditor for explanations as necessary.

Based on the above method, the Audit & Supervisory Board examined the business report and the related supplementary schedules, the non-consolidated financial statements (non-consolidated balance sheet, non-consolidated statements of income, non-consolidated statement of changes in shareholders' equity, and notes to non-consolidated financial statements) and the related supplementary schedules, and the consolidated financial statements (consolidated balance sheet, consolidated statements of income, consolidated statement of changes in shareholders' equity, and notes to consolidated financial statements) for the current fiscal year.

2. Audit Results

(1) Audit Results of Business Report and Others

- (i) The Audit & Supervisory Board acknowledges that the business report and the related supplementary schedules fairly present the Company's conditions in accordance with laws and regulations and the Articles of Incorporation.
- (ii) With regard to the performance of duties by Directors, the Audit & Supervisory Board finds no significant evidence of wrongful acts, nor violations of laws and regulations, or the Articles of Incorporation.
- (iii) The Audit & Supervisory Board acknowledges that the content of the resolution by the Board of Directors concerning the internal control system is appropriate. Also, statements in the Business Report and execution of duties by Directors regarding the relevant internal control system have nothing to be pointed out.

(2) Audit Results of the non-consolidated financial statements and the related supplementary schedules

The Audit & Supervisory Board acknowledges that the audit method of the Accounting Auditor, Deloitte Touche Tohmatsu LLC, and the results thereof are appropriate.

(3) Audit Results of Consolidated Financial Statements

The Audit & Supervisory Board acknowledges that the audit method of the Accounting Auditor, Deloitte Touche Tohmatsu LLC, and the results thereof are appropriate.
