The Perfect Experience / —

When included in this presentation, the words “will”, “should”, “expects”, “intends”, “anticipates”, “estimates”, and similar expressions, among others, identify forward looking statements. Such statements are inherently subject to a variety of risks and uncertainties that could cause actual results to differ materially from those set forth in this presentation. These forward-looking statements are made only as of the date of this presentation. The Company expressly disclaims any obligations or undertaking to release any update or revision to any forward-looking statement contained herein to reflect any change in the Company’s expectations with regard thereto or any change in events, conditions or circumstances on which any statement is based. Actual results may vary widely from forecasts due to the following factors : 1) drastic changes in economic conditions and product supply and demand in major markets (Japan, Europe, The Americas, Asia etc.), 2) changes in trade regulations and other regulatory changes in major domestic and international markets, 3) Drastic changes in foreign exchange rates (yen-dollar, yen-euro etc.), 4) sharp moves in the capital markets, and 5) changes in social infrastructure caused by drastic changes in technology etc. Risks and uncertainties also include the impact of any future events with material unforeseen impacts.

## 1. Consumer Electronics business difficulties

- Quality problem for DVD recorder resulting in reduced lineup
- Delay in developing LCD TV due to unsuccessful outsourcing strategy
- Difficulty for Display business in U.S. as well as Audio/Video Systems business globally
- Stable growth for Camcorder and Mobile Entertainment businesses

## 2. Professional Electronics, Components & Devices and Software & Media making continuous business recovery

- Components & Devices business turning profitable
- Hit music software from major music artists
- However, price decline for recording media and order decrease for Professional Electronics business in second half

# Approach to Business Restructuring

---

President Masahiko Terada

# 1. New Restructuring Plan Framing

## <Steps for restructuring>

- ✓ Fiscal 2007 Return to profitability
- ✓ Fiscal 2008 Establish management infrastructure
- ✓ Fiscal 2009 Position the company for growth

## <Necessary factors for restructuring>

- ✓ Continued management operation reform (companywide organizational reform to produce results)
- ✓ Complete product strategy based on “Only one” niche top strategy
- ✓ Business review and approach to new businesses

## 2. Management Reforms Implemented in Fiscal 2006

<b>Company-wide organizational reform</b>	<ul style="list-style-type: none"><li>* Dissolution of company system → implemented on Nov. 1, 2005</li><li>* Sales and marketing divisions of consumer electronics business under direct control of headquarters</li><li>* Streamlined cooperative support departments and unification of staff departments</li></ul>
---	--

<b>Employment structural reform</b>	Original plan: 500 people → 723 person reduction Expanded plan: 700 people
-------------------------------------	---

<b>Production sites realignment</b>	1 or 2 sites reduction within fiscal 2006 → One in Japan (Tsurugamine) and one overseas (Berlin) reduced
-------------------------------------	--

<b>Creation of new businesses study</b>	Establishment of Committee for the Creation of New Businesses → started in November 2005
---	--

# 3. Continued Management Operation Reform

## I. Reinforce technology development power

- Organizational reform for core technology development based on growth strategy
- Product development function added to overseas R&D center

## II. Quality reform

- Accelerate development process reform (establish Engineering Innovation Promotion Center)
- Reinforce software technological capability (reinforce development manpower / introduce software program optimization system)

## III. Manufacturing reform

- Restructure display products manufacturing system
- Realign manufacturing sites for speedy management and production cost reform
- Unified production control system in operation

## IV. Procurement strategy

- LCD panel: Build a new alliance between manufactures in Japan, Korea and Taiwan
- HDD: Reinforce collaboration with customers who purchase our motors

## V. Marketing reform

- Global marketing department to conduct consumer electronics sales both in Japan and overseas
- Reinforce sales and marketing capability for priority products (Display / Car AV)
- Reinforce sales structure of BRICS (new resident office in India)
- Develop new sales channels for Only One products (e-commerce / prosumer / installation business)

# 4. Only One Niche Top Products Strategy

## D-ILA

- Strengthen profitability by making hybrid projection TV bigger, slimmer and Full-HD ready
  - Reinforce North American market
- Launch slim type products within Fiscal 2007
  - Further study for bigger screens (80", 100" and more)

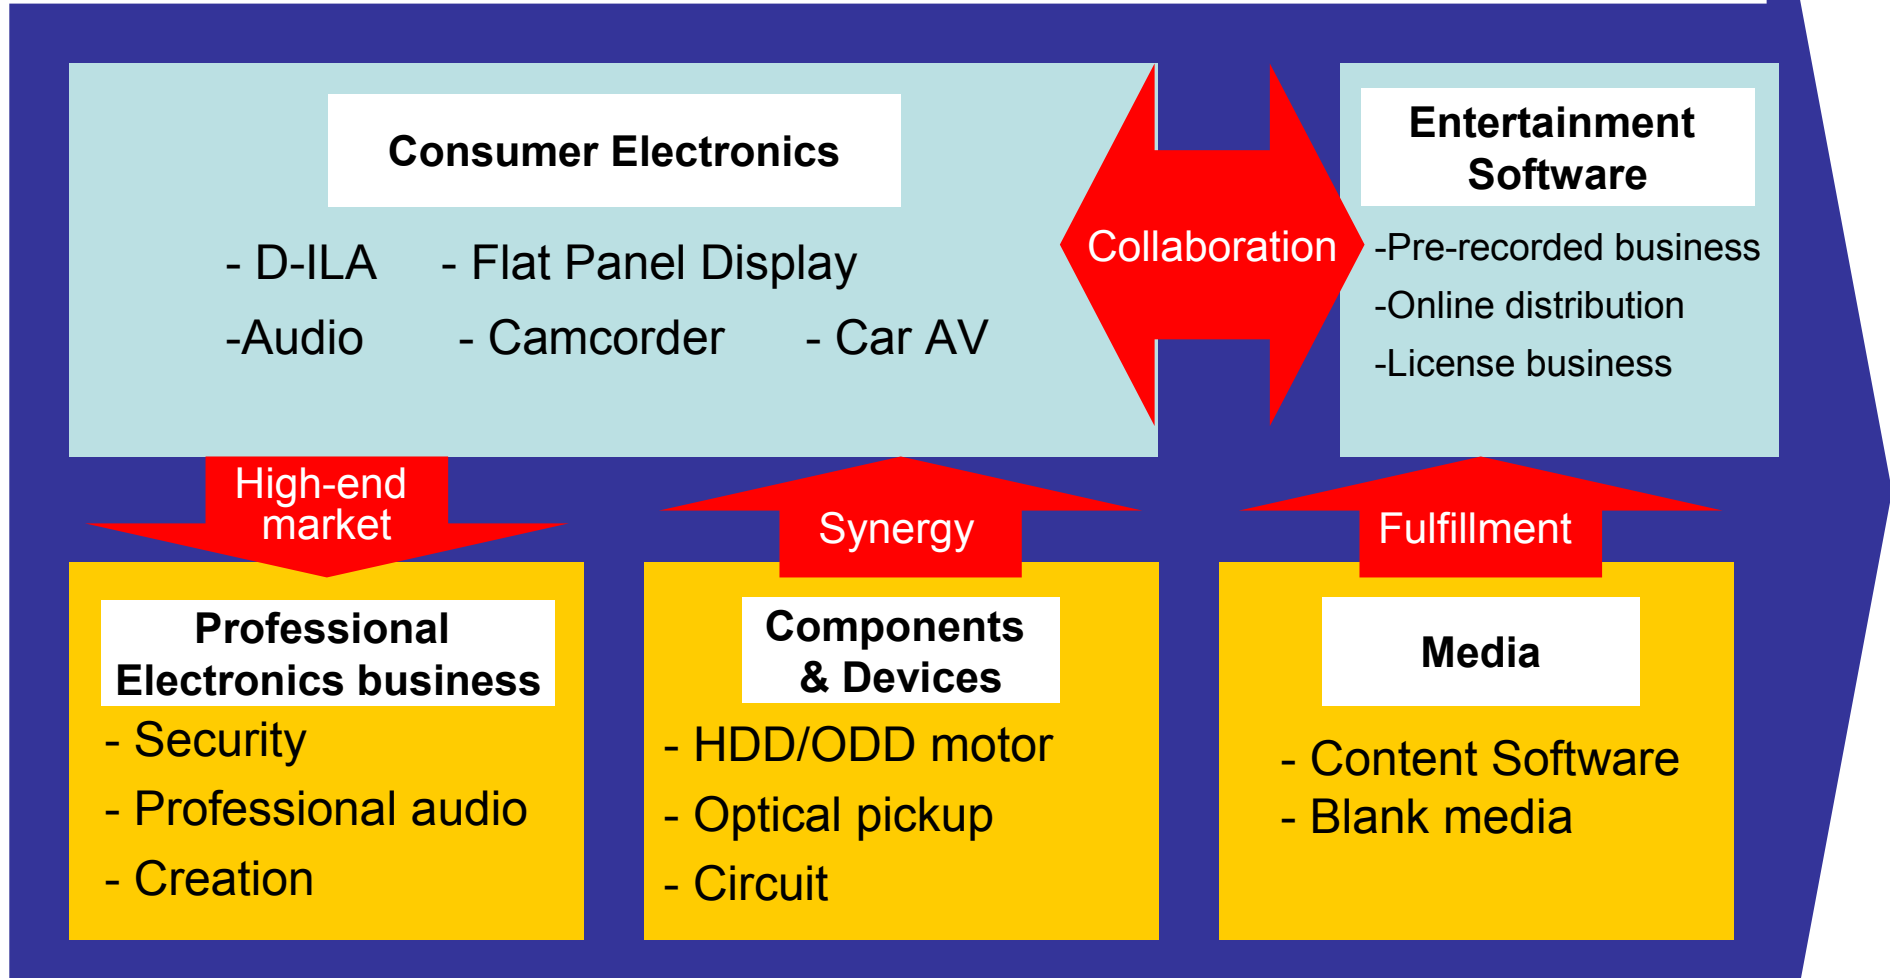

## LCD TV

- Differentiate products by High and Low end lineup strategy using bigger screen, high picture quality and Clear Motion LCD driver
  - Reinforce European sales where JVC is keeping good market position with High and Low end lineup strategy
- (European sales composition target in fiscal 2007: 60%)**
- Thoroughly implement High and Low end lineup strategy
  - Strongly promote Clear Motion LCD driver as differentiation factor from competitors

# 5. Business Review

- Overall business review based on synergy effect -

Core business

Non-core business

# 6. Approach to New Businesses

D-ILA	D-ILA Full HD home projector (to be launched in Jan. 2007) 4K x 2K professional-use super high definition projector (launched within fiscal 2008)	
Net-K2 License Business	Establish K2 laboratory in May 2006 and build business model utilizing JVC original high quality K2 and netK2 sound technologies	
Home Theater	Make complete home theater system by combining big screen display with high quality sound products as the core, and assign a special setup team to take care of installation	
Blu-ray Optical Disc System	Accelerate product commercialization by gathering all development power to Advanced Products Development Center	

## 7. Fiscal 2007 Business Forecast
